

Beau Feeny

Director of Business Intelligence

In Beau's role as Director of Business Intelligence, he and his team help Gresham grow and enable employees to do their best for their Clients.

Beau leads the Business Intelligence team at Gresham. He oversees Gresham's technology and process improvements. His team helps Gresham employees do their best work.

Prior to joining Gresham in 2021, he provided business process and technology consulting to Gresham and other clients. Prior to that, he worked in product management in San Francisco.

Beau spends his leisure time reading, cycling, and trying his best.
