About Gresham

Gresham Partners is an independent wealth management firm that has been providing investment and wealth planning services to a select group of ultra-high-net-worth individuals and families since 1997. Owned entirely by our senior professionals, we manage or advise on over \$6 billion* for about 105 families* located nationally.

We focus on keeping our interests aligned with our clients' interests by avoiding trust-eroding conflicts that are inherent in many firms. We attract discriminating clients – professional investors, business owners and C-Suite executives – with the highest standards who expect exceptional investment performance and client service.

Our unconventional investment approach has protected and grown our clients' capital over time by using difficult-to-access managers that are located globally, invest in a full range of asset classes and are unaffiliated with Gresham. We integrate our investment services with comprehensive wealth planning, holistic reporting and other family office services that are designed to contribute to the financial and emotional well-being of our clients.
